## FAMOUS ELLERY BAND FOR SALT LAKE

TADDEO DI GIROLAMO,  
Conductor Ellery Band.

The star musical attraction of the Seattle exposition is to be heard in Salt Lake City. This is the renowned Ellery band, which has not played here in many years. Arrangements have been made between the manager of the band and the powers that be at Salt Lake by which the people of this city will have the opportunity of listening to music that has been heralded by the great critics of Chicago, St. Louis and Milwaukee as being superior to anything of its kind in America. Concerts will be given twice daily at the beach, and it is promised that the programmes to be presented will be the most comprehensive ever offered by a military concert band in this part of the country. With the band are two especially fine vocalists, Mons. and Mme. Berhard Boque, from the Metropolitan opera house, New York.

## MUSIC AND MUSICIANS

Last Wednesday evening the new pipe organ in the Springville tabernacle was opened by Prof. J. J. McClellan. The event was an important one in Springville music circles and the building was filled to overflowing. A chorus of 125 voices, under Mr. Herbert Robinson, was organized for the occasion, and their work was splendidly done. Mrs. Emma Ramsey Morris was the vocal soloist of the evening, and both she and Mr. McClellan were enthusiastically received. The large audience was very appreciative, and each number was received with great enthusiasm. The new organ has two manuals, or keyboards, and after the recital Professor McClellan pronounced it a splendid instrument. The local people are very much delighted with it.

The following programme will be rendered at Salt Lake (today Sunday) by McClellan's Symphony orchestra. The

## Show Arrives in the City Today

A bevy of circus queens of the Hagenbeck-Wallace shows, which has become noted for its pretty women.

The big Hagenbeck-Wallace shows will arrive in Salt Lake City on their three trains this morning over the Oregon Short Line from Pocatello. It will be unloaded and its auxiliary tents erected on the usual show grounds for the protection of the stock and the employees. The big tents will not be erected until early tomorrow morning. Two performances will be given tomorrow, the doors opening at 1 o'clock for the afternoon performance and at 7 o'clock for the evening performance. A band concert by Professor Merriek's concert band will be given for thirty minutes previous to each exhibition, a famous lady soloist taking part. "Every show has its particular feature," said C. E. Cory, general manager for the circus, who happened in town the other day, "but the bright and shining light of our show, one in which we have taken a special pride, is the bevy of pretty girls and women who make up various troupes in acrobatic stunts in our performances. There are the Ballatzer sisters, Mlle. Ozara,

Tina Lerner, the young Russian pianist whom London Chablon is to bring from Europe in October for her second American tour, is only 20 years of age, and yet her reputation is world-wide. Moreover, she is an extremely beautiful young woman, with dark eyes and rich olive skin that have served as an inspiration to more than one portrait painter of note. Miss Lerner's playing made a profound sensation in the few cities in which she was heard last year, and her return for a trans-continental tour will be awaited with interest.

## THE STEINWAY

Is today the only high-grade piano in the United States which is made and controlled by the direct descendants of its original founder.

All the rest have been forced to seek the alliance or amalgamation with manufacturers of cheaper commercial pianos.

Thus time-honored names have become mere trade-marks, lacking the distinction of individuality. Able to pursue its lofty ideals by unfettered commercial exigencies, the house of Steinway has exerted all its energies in but one direction, with the flattering result that today the Steinway is proclaimed everywhere—
